

# Do You Think the Air In or Outside your Home is Making you Sick?! ¶

## Attend the **Healthy Air Quality Forum!**¶

An educational and public forum for community members to ask for help, share their stories, learn, and educate others. ¶

Sponsored by the Hudson Valley Air Quality Coalition (HVAQ)¶

When: **February 22nd, 6:00pm - 7:30pm**¶

Where: **Kingston Public Library (55 Franklin St, Kingston, NY 12401)**¶

**HVAQ** is a coalition of concerned Hudson Valley community members, professionals and scientists. We are committed to everyone's basic right to breathe clean air, indoors and outdoors, in our homes, streets, schools, places of worship, community centers, and workplaces. HVAQ is focused on both immediate and long term assessment, remedies, and maintenance of pollution-free air in Hudson Valley communities. Common sense, common science, and the power of common people working together creates change, from the ground up.¶

### **Topics of the Forum include:**¶

- Indoor Air Quality¶
- Outdoor Air Quality ¶
- Building Science ¶
